Summary

MERN Stack Developer (MongoDB, Express.js, React.js, Node.js) skilled in building secure, full-stack web applications with RESTful APIs, JWT/Passport authentication, and role-based access control. Experienced in MongoDB schema design, MVC architecture, and responsive UIs from Figma designs using React and Bootstrap.

Technical Skills

MERN Stack – MongoDB, Express.js, React.js, Node.js, REST APIs, MVC Architecture

Languages – JavaScript (ES6+), HTML5, CSS3

Front-end – React.js, Redux, React Router, Bootstrap 5, Tailwind CSS, jQuery, Responsive Design

Back-end & Database – Node.js, Express.js, Flask, MongoDB, Firebase

Auth & Tools – JWT, Passport.js, bcrypt, Git & GitHub, Postman, Multer, Nodemailer, Cloudinary

Projects

Recipe Kitchen | *Node.js, Express, MongoDB, EJS, JWT, bcryptjs*

- Built a full-stack recipe-sharing platform with RESTful routes, JWT authentication (HTTP-only cookies, bcrypt) and role-based, ownership-based CRUD access control
- Added comments and a personalized "My Recipes" dashboard using MVC architecture and MongoDB

Admin Panel Management System | *Node.js, Express, MongoDB, EJS, Passport.js, Multer*

- Built a secure MVC admin dashboard (Passport.js auth) to manage products, categories, and subcategories
- Integrated image uploads (Multer) and email notifications (Nodemailer)

Event Management System | *Node.js, Express, MongoDB, EJS, Multer*

- Developed a full-stack event platform with RESTful CRUD APIs, tested via Postman, and a responsive UI (Bootstrap, jQuery, Swiper.js) with gallery and countdown timers

Figma to Code – House & GreenMind | *HTML5, CSS3, JavaScript, Bootstrap 5*

- Converted Figma designs into responsive landing pages (apartment rental, plant shop) with hero, gallery, and testimonial sections
- Built a custom auto-scrolling testimonial carousel with hover/touch-to-pause interaction

Education

Bhagwan Mahavir University — Surat, Gujarat
B.Tech in Computer Engineering — *Pursuing, 7th Sem, 4th Year*

Bhagwan Mahavir Polytechnic — Surat, Gujarat
Diploma in Computer Engineering (GTU) — *2023 – 2024*

St's Marks Higher Secondary School — Gujarat
SSC (10th) – Gujarat Board — *July 2021*

Certifications

ThingQbator – Full Stack Development with MERN

Red and White Multimedia Education – Full Stack Development Certification

Infosys – HTML5 & JavaScript
